

## Shortlisting notes

The Faculty of Public Health advises that in order to be shortlisted for a consultant post applicants who are not yet on the GMC Specialist Register/GDC Specialist List in dental public health/UK Public Health (Specialist) Register (UKPHR) must provide verifiable signed documentary evidence that an application for inclusion on one of these specialist registers is in progress as follows:

### 1. Applicants in training grades

Public health Specialty Registrars in a recognised UK public health training scheme must provide evidence to confirm that they are within **SIX** months of award of their certificate of completion of training (CCT) and inclusion in the GMC Specialist Register/GDC Specialist List in dental public health/UKPHR for public health specialists at the date of interview (i.e. the expected date of award of their CCT must fall no more than six months after the date of interview). *Please note that from January 2005 in England, May 2005 in Scotland and November 2005 in Northern Ireland and Wales, this period has been extended from the three months required previously.* The documentary evidence should be:

**Either** a ARCP 6/RITA Form G (Final Record of Satisfactory Progress) **or** a letter from the postgraduate dean (or Faculty Adviser) specifying the expected date for completion of training (which must be not more than six months after the date of interview).

### 2. Applicants in non training grades

#### 2.1 Doctors (i.e. medical practitioners)

Doctors outside recognised UK public health training schemes fall into a number of categories:

- those who have trained outside the UK, who may have specialist training and qualifications which they are seeking to have recognised by the General Medical Council (GMC) in order to gain registration with the GMC: these doctors may be shortlisted according to the following 2005 guidance from the Department of Health and Scottish Executive which indicates that *There will be some instances (for example when considering applicants trained outside the UK) where an AAC may choose to interview a candidate prior to [GMC] Specialist Register entry. In these circumstances, it will wish to be satisfied that subsequent Specialist Register entry is likely.* **Employers should ask the applicant to provide documentary evidence that he/she has submitted an application to the GMC which is eligible for consideration at the time of application (for shortlisting).**
- those who have not completed specialist training in the UK who are seeking entry to the GMC Specialist Register through the Certificate of Eligibility for Specialist Registration route (formerly Article 14 of the European Specialist Medical Qualifications Order (ESMQO)), which allows the GMC to consider not only training but also relevant experience: these doctors may have trained in or outside of the UK. **Again, employers should ask the applicant to provide documentary evidence that he/she has submitted an application to the GMC which is eligible for consideration at the time of application (for shortlisting).**

## *2.2 Applicants from a background other than medicine*

- Other than trainees (see 1 above), applicants from a background other than medicine would normally be expected to have gained full specialist registration with the UKPHR. However, exceptionally, individuals who can demonstrate that they have submitted a portfolio application to the UKPHR may be considered for shortlisting. **Suitable evidence will be a letter from the UKPHR acknowledging receipt of the portfolio application.**
- Other than trainees (see 1 above), applicants from a background in public health dentistry must be included in the GDC Specialist List in dental public health. However, those who can demonstrate that they have submitted an application for inclusion on the GDC specialist list in public health dentistry may be considered for shortlisting. **Employers should ask the applicant to provide documentary evidence that he/she has submitted an application to the GDC which is eligible for consideration at the time of application (for shortlisting).**

***Employers are advised that individuals should not take up consultant in public health medicine or consultant in public health posts (including DPH posts) until such point as they have gained entry to the GMC Specialist Register/GDC Specialist List in dental public health/UK Public Health (Specialist) Register. Although applicants will be able to provide documentary evidence that an application is in progress, no guarantee can be made as to the outcome of an application to the GMC/GDC/UKPHR specialist registers.***

***The above guidance applies to applications for both general and defined specialist registration with the UKPHR. Individuals with defined specialist registration are eligible for consideration for shortlisting for, and appointment to, consultant posts including those at DPH level. In all appointments, employers will wish to ensure that an applicant's areas of competence meet those required in the person specification.***
